Abstract (en)
[origin: WO2015181246A1] The present invention concerns initiated pyrotechnic blocks, the method for producing same and the use thereof. The method for producing said initiated pyrotechnic block in the form of a preferably grooved multilayer block, comprises the following successive steps: 1) successive arrangement, in a shaping tool, of at least: a) one layer (a) of initiating composition, and b) one layer (b) of main composition, 2) shaping, preferably by compression.
