Abstract (en)  
[origin: WO2015188800A2] A method for the gap-free joining of two workpieces is provided. Said method comprises the following steps: a. the workpieces to be joined are brought into contact with each other so that a joining point is formed, b. the joining point is geometrically fixed by a film, c. the workpieces are joined in a gap-free manner, wherein step a. and step b. can be interchanged.
