Abstract (en)
A package blank (100) for a scoop-type carton board package which can be used e.g. for French fries or other snack food is disclosed. The blank comprises a back panel (1), a front panel (2), a bottom panel (3), a left side panel (7), intended to form a left panel of the package, a right side panel (6), intended to form a right panel of the package, a left glue flap (5), intended to adhere the left side panel to the back panel or the front panel of the package and a right glue flap (4), intended to adhere the right side panel to the back panel or the front panel of the package, whereby the back panel and the front panel are arranged next to the bottom panel on opposite sides of it in a grain direction of the package blank, and whereby the left side panel and the right side panel are arranged next to the back panel or next to the front panel on opposite sides of it in a cross-grain direction of the package blank. According to the invention the left glue flap and the right glue flap are arranged next to the back panel or next to the front panel on opposite sides of it in a cross-grain direction of the package blank. A layout (102) for multiple similar package blanks and a method for producing cardboard package are also disclosed.
