Abstract (en)
The container (1) with label (3) comprises a containment member (2) suitable for containing a substance and having an outer surface (2a), a sheet label (3) which can be combined with the outer surface (2a) and having a first face (3a) substantially facing the outer surface (2a) and a second face (3b) opposite the first face (3a), and a sheet auxiliary member (6) housed face to face between the outer surface (2a) and the first face (3a); the label (3) being removable from the containment member (2) for picking up the auxiliary member (6).
