Abstract (en)
[origin: WO2016024775A1] Disclosed herein is a dishwasher capable of supplying wash water to dishes stored in a case to remove contaminants from the dishes. The dishwasher includes a case providing a washing space and having an opening surface, a rack provided in the case to provide a storage space for washing objects, a door for opening and closing the opening surface to withdraw the rack from the case, and an injection section provided in the case to spray wash water toward the rack.
