Abstract (en)
[origin: WO2016030708A1] A mascara application device, comprising a container for mascara, a manually operable actuator, feed mechanism carried by the container to feed mascara to a loading station, in response to operation of the actuator, a belt having applicator brushes to receive mascara at the loading station as the actuator is operated, guide means to guide actuator induced belt displacement relative to the container to position the brushes for mascara application to eye lashes.
