Abstract (en)
[origin: WO2016038267A1] The invention relates to a method for allocating, in order to carry out a calculation, at least one first resource (Ri) of a plurality of interconnected resources (R1,...,Rn), said first resource (Ri) being connected to a first port of a switch (2), said method comprising a step of acquiring a first weight of said first resource, said weight corresponding to the number of resources of the plurality of resources connected to the first port of the switch.
