Abstract (en)

[origin: WO2016096403A1] The invention relates, inter alia, to a disc (10) having at least one mounting hole (11) suitable for mounting a disc. According to the invention, it is provided that a contact-protection sleeve (20) is inserted into the mounting hole (11), and a respective adhesive film element (30) which prevents the contact-protection sleeve (20) from sliding out of the mounting hole (11) is adhesively bonded onto the front side (13) and onto the rear side (12) of the disc (10) in the region of the mounting hole (11).
