Abstract (en)
[origin: EP3213888A1] The present invention relates to system comprising a snap-off blade dispenser (10) and a plurality of snap-off blades (12), wherein the dispenser is fittable inside a snap-off knife (66), and wherein the dispenser is made in one piece and comprises: a back wall portion (14); a pair of opposing side wall portions (16a-b); and an elongated compartment (20) adapted to accommodate the plurality of snap-off blades (12) in a stacked configuration, wherein the elongated compartment at one end thereof has a blade extraction opening (28), the height of the blade extraction opening substantially corresponding to the thickness of one of said blades, and wherein the back wall portion comprises a resiliently arranged abutment (36) adapted to engage an opening (26) in each of the stacked blades.
