Abstract (en)
[origin: EP3228796A1] The present invention relates to a linear motion facade system which can be opened or closed with linear motion when desired in households or industrial spaces, which is suitable for indoors and outdoors; and which can be installed with or without heat insulation; said system is characterized with a case profile (1), a horizontal panel profile (2), a pulling profile (3), a wheel set (4), a side closing profile (35), a side closing lock counter-piece profile (36) and a lock strut profile (37).
