Abstract (en)

[origin: WO2016119833A1] The present invention relates to a laundry washing and/or drying machine comprising a front door (1) having a handle (6). The present invention more particularly relates to a laundry machine comprising a water tub, a rotary drum, in which the laundry is to be placed, an electric motor rotating the drum and a front door (1) allowing access into the rotary drum for loading or unloading laundry and having an inner lid (2) and an outer lid (3), the laundry machine further comprising a handle (6) to effect locking and unlocking of the front door (1). The handle (6) installed by way of slidably fitting fastener tabs (8) into connection slots (11) in an inter-engaged manner.
