Abstract (en)

A refurbishment system adapted for refurbishing a window (1), in particular of a roof window installed in a roof structure. The system comprises a replacement sash (3) and a set of capsules (110, 210, 310; 120, 220, 320). The replacement sash (3) is connected to the stationary frame (2) and the capsules to respective frame members (100, 200, 300) of the stationary frame to attain a mounted condition.
