Abstract (en)  
[origin: US2016235166A1] A sole protector having a sole protector material with a lower surface that is meant to be exposed when the sole protector is applied to a shoe, an adhesive layer on an opposite surface of the sole protector material and a peel-away backing layer on the adhesive wherein the sole protector material is the same color as the sole on which it is placed and it covers about 85% of the sole of the shoe onto which it is applied.
