Abstract (en)  
Along the borders of the line construction 1 or borders of the water course 1 or border of the water area 1 there is first lane 2 built with planted energy grass. After first lane 2 there is second lane 3 with planted fast-growing energy wood plant. Then after second lane 3 there is third lane 8 with the weaved barrier and fourth lane 4 with planted energy grass. After this fourth lane 4 there is soil 5.
