Abstract (en)

[origin: US2017238680A1] The present invention relates to an electric heating appliance for hair beauty, which prevents tangling of the power line and simultaneously is easy to use. The electric heating appliance for hair beauty is configured such that a plug part (21) of the power line (20) is inserted and mounted into a fastening part (14) on one side of a heating part (10) and then a stopper part (23) is fastened to the fastening part (14), wherein a rotatably moving rotation part (30) is mounted to the fastening part (14), and a hanger part (40) by which the heating part (10) can be hung is further mounted to the rotation part (30).
