Abstract (en)

[origin: WO2016155801A1] The present invention relates to a stacking kit (1) for stacking two laundry treatment appliances such as a laundry washer (3) and a laundry dryer (2) one above the other. The stacking kit (1) comprises an attachment means (4) for securely attaching the laundry dryer (2) to the laundry washer (3) in the state where the laundry washer (3) being lower appliance bears the weight of the laundry dryer (2). The stacking kit (1) of the present invention further comprises a holding means (5) which is adapted to hold an article holder (6, 7, 8) which is suitable for holding articles of clothing or a household article (9) such as laundry basket (9), or other small items.
