Abstract (en)

[origin: EP3282066A1] There is disclosed a fastening member (1), comprising a foot part (1.1) adapted to attach the fastening member with a support rail (2); a supporting element (1.4) attached with the foot part (1.1) at a first end of the supporting element (1.4); a first locking section (1.10) attached with a second end of the supporting element (1.4), wherein the first locking section (1.10) is at an angle with respect to the supporting element (1.4) and extends towards the foot part (1.1); and a second locking section (1.11) attached with a second end of the supporting element (1.4). The second locking section (1.11) is at an angle with respect to the supporting element (1.4) and extends towards the foot part (1.1) at another side of the supporting element (1.4). There is also disclosed support rail (2) and a fastener (5).
