Abstract (en)

[origin: US2018083403A1] The invention relates to a crimping tool locator (12) for a crimping tool (1), especially crimping plier (2). The crimping tool locator (12) comprises an accommodating body (14) with at least one accommodation (21) for a workpiece (10), especially a plug (11). The accommodating body (14) comprises a securing device (24), by which the workpiece (10) is securable in the interior of the accommodation (21). The securing device (24) can be realized as a latching device, locking device or friction device.
