Abstract (en)  
[origin: US2018086563A1] A transport bag for an overhead conveyor comprises a front side wall, a rear side wall and a bottom wall that interconnects the front side wall with the rear side wall, wherein an adherent contact surface is at least partly provided on an outer side of the front side wall and/or on an outer side of the rear side wall to prevent a lateral displacement of two transport bags abutting against each other.
