Abstract (en)
[origin: WO2016202503A1] A parking place is arranged for the parking of motor vehicles. A method for managing the parking place comprises steps of determining a maximum number of motor vehicles which can be parked on the parking place, counting motor vehicles arriving and leaving, determining a number of motor vehicles parked on the parking place on the basis of the counted motor vehicles, and determining a number of motor vehicles which can be additionally parked on the parking place.
