Abstract (en)

[origin: WO2017045086A1] With a packaging comprising a dosing spoon (3) for removing a filling material from the packaging, a container of the packaging is closed with a tear-off lid, which has a tear-off lid ring (7) and a tear-off film. A scraper strip (6) is provided, which can be fastened to the edge (18) of the tear-off lid ring (7) after the tear-off film is removed. The scraper strip (6) can be present in particular in combination with the dosing spoon (3) in the packaging so that the scraper strip can be detached from dosing spoon after the packaging is opened and fastened to the edge of the tear-off lid ring.
