Abstract (en)
A luminaire mounting (2) for mounting an outdoor luminaire is described. The luminaire mounting (2) includes a housing (8) securable to a mounting bracket (4) by means of a mechanical fixing (26), e.g., an externally screw-threaded bolt or screw. The mechanical fixing (26) is galvanically isolated from the housing (8) by an interposing first insulator (14) comprising an electrically insulating material.
