Abstract (en)

[origin: WO2017042103A1] The present invention relates to a brush for applying a product to the eyelashes and/or eyebrows, comprising: - a core, notably a twisted core, that extends along a curved longitudinal axis, and - bristles that are held by the core, the core comprising a portion (43) carrying bristles that has a proximal end (40a) intended to be fixed to a stem and a distal end (40b), the bristles having free ends that define an envelope surface, the envelope surface having, before the core is curved, at least one first facet (60) and at least one second facet (45) which are different from one another.
