Abstract (en)
[origin: CN108342825A] The invention relates to a knitting tool guide bar and a method for assembling knitting tools. The invention specifically relates to a knitting tool guide bar (1) which comprises knitting tools (5) arranged in accommodating grooves (4) of a knitting tool accommodating member (3), and a cover assembly (11) fixing the knitting tools (5) in the accommodating grooves (4). Each knitting tool (5) has a back side (6) adjacent to a groove bottom (7), a front side (8) protruding from the corresponding accommodating groove (4), and two side walls (9, 10) connecting the front side (8) and the back side (6), wherein the cover assembly (11) works on the front side (8). It is desired that high load capability can be obtained simply. To this end, the knitting tools (5) are inserted in cover grooves (13) by means of the front sides (8) thereof.
