Abstract (en)

[origin: WO2017060649A1] The invention relates to a cut-resistant yarn (1) comprising: - a core (2) consisting of at least one fibre made of a material resistant to cutting by sharp objects, - at least one covering yarn (3) which at least partially covers the core (2), characterised in that the covering yarn (3) is provided, over its entire surface, with a water-repellent coating layer in order to provide water-repellency properties to said cut-resistant yarn (1).
