Abstract (en)

[origin: WO2018145794A1] The present invention relates to a composition in the form of a suspension comprising at least one free fragrance oil, at least one encapsulated fragrance oil and at least one specific stabiliser according to formula I. The present invention is also directed to a method for producing such a composition and to the use of the stabilisers described herein for stabilising a composition containing both a fragrance oil and fragrance capsules. The present invention further relates to an agent, such as cosmetic products, detergents or cleaning agents, containing at least one composition as described herein.
