Abstract (en)  
[origin: WO2017067691A1] The invention relates to a packaging unit (1) for one or more individually removable products (2), in particular tablets, comprising a blister packaging (3) and a bag-type outer packaging (4), in which the blister packaging (3) is enclosed. The blister packaging (3) is movably arranged in the outer packaging (4) and can be brought into at least one removal position, in which the removal of at least one of the products (2) is enabled. The blister packaging (3) has at least one positioning element (5), and the outer packaging (4) has at least one receiving element (6) for the positioning element (5), wherein the positioning element (5) arranged in the receiving element (6) defines the removal position.
