Abstract (en)

[origin: WO2017079852A1] The invention relates to a portable headrest (1) which has a forehead support (11) and a chin support (12), and a recess (13) between said forehead and chin supports. The portable head rest (1) can particularly be designed such that the height and/or length of the forehead support (11) and/or chin support (12) can be adjusted. The headrest (1) can optionally comprise a rounded attachment (3). The headrest can also comprise at least one camera (2) which is arranged in the recess (13) between the forehead and chin supports (11, 12).
