Abstract (en)

[origin: CN108735080A] The invention relates to a sealing label for a closure (1), comprising an outer label layer (11) and an inner label layer (12) overlapping in some areas in contact with each other in an overlapping area and forming a first initial opening proof over the overlapping region, wherein in the overlap region, an information area (8) free from the first opening proof is provided, and the information area(8) contains information (17a, 17b), which is not visibly hidden from the outside.
