Abstract (en)

[origin: WO2017108613A1] The invention relates to a hose guide device for guiding a hose bend (2b) of variable length which hangs downward in a U shape and to a sanitary pull-out-hose fitting having such a hose guide device. A hose guide device according to the invention has a hose guide box (11) open at least at the top for the twist-proof accommodation of the hose bend (2b). The invention further relates to the use, e.g., for kitchen sink sprayers having a pull-out hose.
