Abstract (en)

A modular wall system comprising a first set of posts (8), a second set of posts (8b) and a first set of panels (70a), said panels having a left side edge and a right side edge arranged to be fastened to a first and a second post respectively from said first or second set of posts. The posts from the first set of posts are made of steel and in that the posts from the second set of posts are made of aluminium and the panels of the first set of panels and/or the posts of the first and second set of posts comprise a panel spacing arrangement which ensure that the spacing between two adjacent panels which are connected to a post will be the same when using a post from the first set of posts and when using a post from the second set of posts.
