Abstract (en)

An article (10) includes a container (12) for smoking material (16) or smoking accessories and a mat (14) for preparing smoking material (16) for use in a smoking article (10). The mat (14) includes a surface (20) and a flavourant disposed on the surface (20). The flavourant is configured to transfer from the surface (20) to smoking material (16) disposed on the surface (20) when an amount of the smoking material (16) is manipulated on the surface (20). The mat (14) may be integrated or removably coupled to the container (12). The mat (14) may be used separately from the container (12).
