Abstract (en)

[origin: WO2017137118A1] The invention relates to a product for dyeing hair, and to an associated method for applying such a hair dye product. The hair dye product of this type allows multiple hair dye preparations (21, 22, 23) to be used simultaneously on the hair. The hair care product as per the invention comprises a plurality of hair dye preparations (21, 22, 23) for application to the hair, as well as a tray (1) for receiving a plurality of hair dye preparations (21, 22, 23), said tray (1) comprising at least two depressions (4) that are separated from one another by a separating wall (6) so as to supply one hair dye preparation (21, 22, 23) in each depression (4) for application.
