Abstract (en)
[origin: WO2017151049A1] An apparatus for handling cash, said apparatus (10) comprising: a note storage unit (24) for storing notes in the apparatus (10); the note storage unit (24) comprising: at least one recycling container (26), which is arranged to receive notes deposited into the apparatus (10) and output notes to be dispensed from the apparatus (10); and at least one acceptance container (28), which is arranged to receive and store notes. The at least one acceptance container (28) is configured for mounting of a bag (70) in the acceptance container (28), wherein the acceptance container (28) comprises a bag holding device (50), which is arranged to provide a fixating position of an opening of the bag (70) at an input opening (52) of the acceptance container (28) for receiving notes, wherein notes received into the acceptance container (28) are stored in the bag (70) in the acceptance container (28).
