Abstract (en)
A high voltage bushing (1) is provided. It comprises a conductor (2) extending along an axis (A) defining an axial direction; a high voltage screen (5), provided around the conductor (2); a condenser core (8) which includes the high voltage screen (5); and a temperature sensor (14) comprising an optical fiber (15), wherein a first portion (15a) of the optical fiber (15) is located adjacent to the conductor (2) or in the conductor (2).
