Abstract (en)
[origin: WO2017158275A1] The present invention relates to a method for preparing alkylamines using carbon monoxide, and to the use of said method in the production of vitamins, pharmaceutical products, adhesives, acrylic fibres, synthetic leathers, pesticides, surfactants, detergents and fertilisers. The invention also relates to a method for producing vitamins, pharmaceutical products, adhesives, acrylic fibres, synthetic leathers, pesticides, surfactants, detergents and fertilisers, which includes a step of preparing alkylamines using the method according to the invention. The present invention further relates to a method for preparing labelled alkylamines and to their uses.
