Abstract (en)
[origin: WO2017164793A1] The present invention relates to a method for facilitating automatic driving of a vehicle (1) to a certain position (P4). Positioning of said vehicle (1) is based upon a specification comprising an image of the surroundings (L) of said certain position (P4). The method comprises the steps of: determining the current position of said vehicle (1); prior to automatically driving said vehicle (1) to said certain position (P4), providing an image (1i) of said vehicle in said certain position (P4) in said image of the surroundings (L); and automatically driving said vehicle (1) to the position of said image (1i) of said vehicle. The present invention also relates to a system for facilitating automatic driving of a vehicle to a certain position. The present invention also relates to a vehicle. The present invention also relates to a computer program and a computer program product.
