Abstract (en)

[origin: WO2017187051A1] A storage and display device (10) for storing and displaying a plurality of longitudinal hand tools (50), comprising a plurality of holders (20), each holder (20) being configured to support a longitudinal hand tool (50), all the holders (20) being rotatably mounted about a common axis (X) extending substantially perpendicularly to the longitudinal direction (L) of the longitudinal hand tools (50) when they are supported by the holders (20), wherein said storage and display device (10) has a storage position in which the angle between all the holders, about the axial direction (X), is less than 2°, and a display position in which, for all the holders (20), the angle (β) between two adjacent holders (20) about the axial direction (X) is at least 5°.
