Abstract (en)  
[origin: US2019066950A1] A power breaking pole including a vacuum interrupter including two ends called a lower end and an upper end, respectively, which vacuum interrupter is held between two uprights, which are arranged symmetrically with respect to a main plane P of the vacuum interrupter, the vacuum interrupter being held in a centred manner between the two uprights solely by two connectors called a lower connector and an upper connector, respectively.
