Abstract (en)
[origin: CN109417255A] A communication plug including a plug body, a cavity in the plug body, the cavity having a first portion, a second portion and a third portion, a load bar having a plurality of openings on a front face of the load bar, where the cavity is sized to engage the load bar such that the load bar directs at least one wire inserted into a corresponding opening in the load bar into channels in the plug.
