Abstract (en)  
[origin: WO2017202433A1] The present invention relates to a window assembly (1) for being mounted in an aperture/opening (5) in an offshore construction, the window assembly (1) comprising a window frame (2) adapted to be attached to an outer part (6) of said offshore construction, a window box (4) adapted to be attached to an inner part (8) of said offshore construction, and a membrane unit (3), where the membrane unit (3) is adapted to connect the window frame (2) with the window box (4), where the window frame (2) and the window box (4) each comprises an attachment means for releasably receiving the membrane unit (3). The present invention further relates to a method of mounting a window assembly (1) in an aperture/opening (5) in an offshore construction.
