Abstract (en)

[origin: US2019106912A1] A method for mounting a door handle support in a final position on a vehicle door provided with a door handle cutout includes providing a vehicle door having an outer surface and an inner surface, connecting a fastening adapter to the inner surface of the door, positioning an adapter cap on the fastening adapter, and positioning the door handle support on the adapter cap in an abutting position. The door handle support is fastened by fastening screws. Optionally, a paint bezel is applied on the door handle support. A door handle support fastening set is also disclosed.
