Abstract (en)

[origin: WO2016145465A1] The invention relates to a securing device (1) for detachably securing a front panel (93) on a drawer (90), in particular on a drawer side wall (92), comprising at least one furniture fitting (94) that can be pre-mounted on the front panel (93), a catch device (2) assigned to the drawer (90), wherein, during the sliding in of the furniture fitting (94), the catch device (2) automatically holds same and the catch device (2) has a movable catch element (20), as well as comprising a locking device (3) that prevents an unintended release of the furniture fitting (94) from the securing device (1), wherein the locking device (3) has a movable locking element (30) which is separate from the catch element (20), and which is positioned on the pre-mountable furniture fitting (94) in a locked position.
