Abstract (en)

[origin: WO2018011470A1] The present invention relates to the field of non-smokable products, more specifically snuff type compositions. Specifically, the invention relates to a snuff-type composition, wherein said snuff-type composition comprises nicotine and linseed and not tobacco. Still, the present invention relates to a method of preparing a snuff-type composition comprising nicotine and linseed and not tobacco, to use of nicotine and linseed in a snuff-type composition as well as other uses related to a snuff-type composition or nicotine and linseed but not tobacco.
