Abstract (en)

[origin: EP3492405A1] The present invention relates to a container (10) for storing and/or transporting bulk material, in particular a so-called "big bag". The container for storing and/or transporting bulk material comprises:- a bag (18) configured to hold the bulk material;- at least one filling and/or emptying opening arranged in the bag;- an upper edge arranged on or close to the opening;- an outer bag (20) substantially enveloping the bag as an outer liner; and- fastening means (26, 28) for fastening the outer bag to the upper edge, wherein the outer bag at least partially comprises a substantially transparent wall for the purpose of checking for contamination.
