Abstract (en)

[origin: WO2018028729A1] The present invention relates to a container into which for example a pack of flour (or any other dispersable/bulk material in folded/hot-sealed commercial paper/film packagings) can be pushed with one hand, completely and without previously being opened, while said pack is automatically opened, and its contents can be withdrawn immediately in a metered manner without any further preparations via a withdrawal opening. The container serves for permanent storage and is sealingly closable.
