Abstract (en)
[origin: WO2018045430A1] A bra and top assembly, including a bra, a top with one or more shoulder straps wherein each of the one or more shoulder straps is discontinuous to a front chest portion of the top, each of the one or more shoulder straps has a loop on the underside of the strap, the front chest portion has one or more loops adjacent the top peripheral edge of the front chest portion, a connector to attach the underside loop of each of the one or more shoulder straps to one of the one or more loops adjacent the top peripheral edge of the front chest portion to form a separate top and bra configuration, or said connector to attach each of the one or more shoulder straps to a bra strap and a two part fastener to attach the bra to the front chest portion to form a connected top and bra.
