Abstract (en)

[origin: WO2018050549A1] The invention relates to a lighting module for an extractor hood (1), characterised in that said lighting module (21) has a frame-type main part (210) and in that at least one lighting element (2140, 2150) is mounted on said frame-type main part (210) such that the at least one lighting element (2140, 2150) emits light (L) in the plane of said frame-type main part (210). The invention also relates to an extractor hood comprising such a lighting module (21).
