Abstract (en)
[origin: WO2018065253A1] The invention relates to a method for drawing a carbonated drink (19) from a dispenser system (1), in which the carbonated drink (19) is conducted via a line (3) through a flow controller (5) and a filter (7) that is downstream of said flow controller (5). The invention also relates to a dispenser system (1) and to a cartridge unit (25) comprising a filter (7).
