Abstract (en)

[origin: WO2018083545A2] A base layer of a garment includes a waist section, an upper leg section, and a lower leg section. The waist section is positioned to correspond with and receive a waist and crotch region of a wearer. The waist section includes a base portion, a mesh portion, a compressive portion, and a durable portion. The upper leg section is positioned to correspond with and receive a thigh and knee region of the wearer. The upper leg section includes the base portion and the mesh portion. The lower leg section is positioned to correspond with and receive a shin and calf region of the wearer. The lower leg section includes the base portion and the compressive portion.
